

NAVY Declassification/Release Instructions on File

THE CONFERENCE BOARD

June 11, 1973

Vice Admiral Stansfield Turner, U.S.N.
President
Naval War College
Newport, Rhode Island 02840

Dear Sir:

The Members of The Conference Board's Northeast Advisory Council and I extend to you a most cordial invitation to join us as our guest at the 14th Northeast Conference at Chatham Bars Inn, Chatham, Massachusetts, Friday, Saturday and Sunday, September 28-29-30, 1973.

The group will be limited to about fifty leaders in business, industry, government and education, based on the order of acceptance. This meeting affords an opportunity for a candid, off-the-record exchange of views on matters of current importance and mutual interest. Each participant is afforded eight minutes to present any subject he deems important. We take no action, pass no resolutions. There is ample time for rest and relaxation.

To ensure a stimulating and beneficial conference, all participants should plan to take part in the four sessions held on Friday night, Saturday morning and late afternoon, and Sunday morning.

Wives are also cordially invited. While they are not included in the regular session discussions, there will be a special program available for them. We will invite the ladies to hear a summary of the discussion presented on Sunday morning.

This is a personal invitation and in order to preserve the traditional character of these meetings, no substitutions should be made.

I hope you can participate with the Members of the Advisory Council and other invitees at this conference. When you let me know your decision, I will see that you receive details of the conference scheduling and accommodations at the Inn.

Yours sincerely,

A. B. Trowbridge
